

SWOT ANALYSIS

For Banking Industry

Author: Risma Fareedh

AION CAMPUS
Governance, Risk, & Compliance (GRC)

Industry: Banking**Bank Name: Q Bank****Strengths**

- Established IT infrastructure with dedicated data centers.
- Experienced IT security and risk management teams.
- Strong financial position enabling investment in security tools.
- Management commitment to regulatory compliance and certifications.

Weaknesses

- Legacy core banking systems with limited security features.
- Inconsistent security awareness among branch staff.
- Over-reliance on third-party vendors for ATM and payment services.
- Limited incident response drills performed historically.

Opportunities

- Adoption of cloud and fintech partnerships to modernize services.
- Use of AI/ML fraud detection systems to enhance security.
- ISO 27001 certification to strengthen reputation with regulators/customers.
- Integration of Zero Trust architecture to modernize security posture.

Threats

- Increasing cybercrime (phishing, ransomware, fraud).
- Regulatory penalties for non-compliance (GDPR, PCI DSS, banking laws).
- Loss of customer trust in case of data breach.
- Risks from third-party service providers (cloud, fintech partners).
